\*Our room is spotless, cozy and inviting

\*We are in close proximity to Tourist Attractions, Parks & Museums

\*We will provide breakfast or coffee/muffins

Originally built in the 1920's on a tree-lined street, this one story frame house has a porch in front and a rather unique all-around country charm. Nestled among the trees, Rose Scents Cottage backs up to the solitary mountain on Mountain Avenue in Granite and has a picnic-like backyard with surrounding granite wall and barbeque. Rose Scents Etc gift items, specialty cakes and cookies are just a part of the extensive gifts we offer year round.

Nearby Quartz Mountain, only 15 minutes away, has boating, swimming, canoeing and picnicking facilities. It is also a favorite for weddings, business, and social functions which our hostess would be happy to help you plan. Elk City located on I-40 west of Oklahoma City is just 30 minutes north on Hwy 6 and Altus is 30 minutes south on Hwy 6 from Granite. Elk City's local park features a one-of-a-kind inside carousel. Drive or walk across the road to the west and find yourself viewing the multi-building layout of the Route 66 Museum. . . Which brings us to invite our guests to rusticate in this lovely area of Northwestern Oklahoma and experience the calm of this gentle area . . . not without warning that when you leave, expect the difficulty of readjusting to everyday life!!

Rose Scents Cottage can be found "tucked away" in the heart of the Northwest area of Granite. A rustic little cottage sits behind the main house. Our homemade cakes (8" Specialty Cakes...beautiful decorated cakes made to order) and Gold Canyon Candles are a must to take home with you to preserve the enlightenment of your visit.

Take a nearby nature walk beyond the iron gate thru the backyard to a clearing of a private retreat - an area God has certainly visited and watches over, especially in the night view of the lighted cross atop the solitary mountain here in Granite.
